# There's nothing like Australia for its sheer diversity of natural luxury experiences...

For anyone who thinks they know Australia, but haven't visited recently (or at all), take note. The Australian travel landscape has changed dramatically over the past decade or so. This vast continent continues to see the creation of a new breed of exceptional lodges and camps in some of its most beautiful and uniquely Australian regions.

Australia now boasts a critical mass of experience-based luxury properties to appeal to upscale global travellers and adventure seekers. Formed in 2010, Luxury Lodges of Australia is a membership association offering a collective voice for these lodges and camps. It is a central point of reference for anyone searching for high-end Australian travel experiences.

The lodges in this collection are independently owned and operated. But this is no ordinary hotel 'group'. This is a collection of like-minded entrepreneurs, each passionate enough about a unique region of Australia to invest deeply in creating the kind of upscale but intimate lodging and bespoke experiences they know sophisticated global travellers seek.

Each lodge has signature experiences and activities to showcase the special aspects of its region - pristine natural landscapes, wildlife, indigenous heritage, nature, food and wine and more. It is these experiences that define the new Australian luxury and showcase Australia's extraordinary diversity. There is particular focus on signature experiences that delve into the rich and diverse food and wine culture of Australia. Collectively, they represent a new style of distinctively Australian casual elegance and luxury.

The lodges are all about delivering a sense of place and connecting guests to their region. It is not about how much the same the lodges are, but how different, and how they reflect the diversity and authenticity of the Australian experience - whether it be coastal, desert, reef, island or wilderness lodges, luxe outback camps, vineyard retreats or culinary destinations.

The lodges are so much more than just a place to stay. These are destinations with great appeal for the often time-poor, experience-seeking travellers for whom time-out and a genuine, memorable, often life-changing experience, is the real luxury.

# Arkaba

An ancient landscape moulded by hundreds of years of geological activity, the Flinders Ranges offers some of Australia's most spectacular outback scenery. Arkaba's 60,000 acre private wildlife conservancy is home to a wondrous variety of bird and wildlife and a remarkable conservation story.

Arkaba's homestead pays homage to a rich pastoral heritage in a style that is rustically chic and utterly exclusive. The homestead's five rooms provide an oasis of comfort and style amidst a harsh and rugged landscape, where guests enjoy a taste of classic Australian country hospitality.

The Flinders Ranges is in a class of its own for taking in the sheer scale of Australia's outback, offering the chance to immerse oneself in 600 million years of geological history. Arkaba's conservancy program has seen a transformation in bird and mammal species on the property and offers guests a unique insight to Australia's challenges in saving its unique natural heritage.

Activities include bush walking, photography, safari drives, visiting ancient Aboriginal sites, or just soaking up the sights and sounds of the bush. Enjoy picnics underneath magnificent River Red gums, track native wildlife, learn the stories of early European settlement or take a scenic flight over Wilpena Pound and the salt pans of Lake Torrens.

The real luxury at Arkaba comes in sharing this spectacular conservancy with just ten other guests.

Wild Bush Luxury

"You might come to Arkaba for the wild, open spaciousness of the outback, the sense of being far away from everything, the chance to dine under the stars. But your presence here is not just about you. It's helping to fund a transformation ... returning the land to its natural state, and turning a 150-year-old sheep station into a private wildlife reserve."

# Bamurru Plains

Bamurru Plains on the Mary River floodplains is Australia's answer to the Okavango Delta. These coastal floodplains are home to prolific bird and wildlife, whilst nearby Kakadu and Arnhem Land are the heartland of Australia's indigenous culture. This is the setting for a mesmerising wilderness experience.

Bamurru Plains offers one of Australia's richest wildlife experiences: tens of thousands of magpie geese mingle with kites, egrets, herons and buffalo on the floodplain. Kookaburras, parrots, cockatoos and Agile Wallabies inhabit the fringing woodlands. Bamurru's expert guides offer exhilarating airboat trips on the floodplains, safaris by open-top 4WD vehicles, fishing trips, quad bike safaris, excursions to the rock art galleries of Arnhem Land and crocodile-spotting river cruises.

Wake to the call of magpie geese and watch the parade of wildlife emerge from the comfort of your bed. Spot wildlife in the treetops from the camp's 'hide', and sit back with a drink and enjoy the soft 'Wild Bush Luxury' touches. Bamurru Plains lodge and 300 square kilometres of surrounding country are exclusively for in-house guests, assuring a quiet, privileged outback experience.

# True North

An adventure on the True North has long been regarded as one of Australia's most revered tourism experiences. All itineraries are activity based and designed for discerning travellers who truly want to 'experience' some of Australia's most remote coastal destinations.

Extended periods at sea are specifically excluded and daily activities can include walks, fishing, snorkelling, diving, picnics, natural history, cultural events and more. The True North is an Australian registered ship and not required to leave Australian waters during Australian voyages - every day on-board the True North is an activity day.

Destinations include the Kimberley, a panorama of rugged mountains, spectacular gorges and majestic waterfalls; the still-wild coast of Western Australia featuring the intriguing Aboilhos Islands, world-famous Ningaloo Reef, the Montebello Islands and the pristine Rowley Shoals; beautiful Sydney and surrounds and, a seafood safari around the Eyre Peninsula.

The True North has been designed to go where other ships cannot. Multiple expedition boats explore even further and guests experience wilderness 'up close'. Most cruise options feature an on-board helicopter which adds another dimension to the adventure.

Guest numbers are limited to thirty-six and an Australian crew of twenty-two chaperones every experience. Spacious cabins feature modern décor with ensuites.

Find out why guests disembarking from the True North consistently respond with "that's the best holiday I have ever had!".

# The new breed of Australian experiential luxury...

Waiting to be discovered in all corners of the Australian continent are exclusive islands, fabulous wilderness lodges, decadent tented camps in the desert, private spa and vineyard retreats, and remote country lodges. These are places where time out is to be treasured, and the discovery of the unique sense of place for each is a gift reflecting Australia's extraordinary diversity and enchanting landscapes.

Take in wide angle views and watch the sun melt into the sea. Walk barefoot on the beach, swing in a hammock, lounge about in the plunge pool or watch wildlife swim in the bay. Better still, swim with them. Rejuvenate on a secluded island retreat, be pampered and preened at a glorious day spa or explore the peace and tranquillity of nature's most spectacular landscapes.

Discover pristine, remote picnic spots and secluded beaches on a romantic journey by air, land or sea. Explore beautiful beaches, coral reefs, dramatic coastal cliffs and singing sands.

Absorb the outback's breathtaking ruggedness, hike or bike in it, then lie back and let stress dissolve away under the influence of a little outback luxury. Wonder at the incredible diversity of terrestrial and marine wildlife. From locally inspired, character filled bush camps offering key luxury standards to architecturally striking lodges, heritage homesteads and stations offering indulgent spa treatments, retreat to your own exclusive piece of luxury in the outback.

Savour the flavours of pure Australian produce, its seafood and wine. From nature

(or paddock) to plate, rustic to refined, dining at these luxury lodges is an innovative and deeply satisfying culinary adventure. The possibilities for memorable gourmet experiences never end: dinner in the desert under the starry skies at Uluru; a feast of ocean catch on sandy shores; a superlative meal in a destination dining room; or a candlelit dinner on the beach in the warm glow of sunset.

Sail between tropical islands and warm water reefs, exploring the endlessly changing Australian coastline and stopping at isolated beaches where the only footprints are your own.

Australia's luxury barefoot paradises are exclusive by virtue of their remoteness, their special location and the small number of guests they accommodate at any one time. Australia's sun, sand and open space are luxuries of the rarest kind.

All these experiences represent a new style of distinctively Australian casual elegance and luxury: the unforgettable coast, reefs and islands; the fertile mountains and vibrant food and wine producing regions; the boundless horizons of the outback. Our guests have the space to relax, a sense of timelessness, the chance to discover our land, our people, and yourself. Take home lifelong memories.
